Quotation number: AN.2019.11.15.01

Date: November 15, 2019

Dear Dr. Amandio Umba,

We are pleased to send you the following quotation for our magnetic particle spectrometer.

Name of the item		Costs
MPS – Magnetic Particle Spectrometer		71,000 USD
<ul style="list-style-type: none"> The frequency of the excitation field is 20 kHz by default. The drive field can be set between 0 to 30 mT. The volume of the sample should be between 10 to 50 µl (test tubes with 6 mm diameter). All measurements can be saved as raw data for further processing in either Excel or Matlab. <p>The Langevin model is used to determine the mean particle size and iron concentration of the sample.</p>		
Optional product pricing:		
Up to four additional excitation frequency selectable by software, costs each	1100 USD	
Robust transport case		1,090 USD
Shipping costs CIP TO AN INTERNATIONAL AIRPORT (Incoterms 2010)		600 USD
Total net price (tax free export delivery)		72,690 USD

The quotation is valid for 30 days. The invoiced value has to be paid within 30 days. Delivery will be dispatched 8 weeks after the full payment has been received. The two year warranty commences on the date of delivery. All taxes and custom fees related to the IMPORT into the destination country have to be paid by the buyer.

Thank you again for your interest and please do not hesitate to contact us if you require any further information.

We are looking forward to receiving your order.

Yours sincerely,

Michael Ledwig
